

Performance Standard

Templeton Fire Department

TOPIC: EXPOSURE PROTECTION- PLAYPIPE (3 PERSON)

TIME FRAME: 5:00

LEVEL of COMPLEXITY: Level 3

BEHAVIORAL OBJECTIVE:

Condition: Given a 3 person engine company, a structure equipped fire

engine, and full structural PPE

Behavior: The engine company will complete a simulated exposure

protection defensive attack, as a first due engine

Standard: 100% accuracy within 5 minutes

PERFORMANCE: Time starts when Engineer stops at hydrant:

Captain:

Perform a Size Up

• Transmit a Report on Conditions (ROC)

Dismount and Don SCBA (mask not in place)

Perform 360 Walk

• Ensure exposure operations are proceeding accurately

Transmit updated report

Assign next in resource

Engineer:

- Spot near hydrant
- Complete forward lay (200')
- Set air brakes
- Places pump in gear and exit the engine
- Chock wheels
- Make LDH connection and state "Ready for Water"
- Assist the firefighter in clearing the hosebed
- Charge hoseline (300' 3" @ 325 GPM)

Performance standards are designed to assure that all fire personnel are capable of completing the duties assigned to their respective position. All personnel should remember that while engaging in firefighting operations, the order and/or priority of some tasks may be changed by the company officer.

Performance Standard

Templeton Fire Department

Firefighter:

- Dismount from the engine with SCBA donned
- Retrieve LDH from hosebed
- Wrap hydrant and state "Lay Line"
- Flush hydrant
- Make LDH connection
- Charge LDH
- Deploy hoseline (300' 3")
- Create hotel coil and assure hoseline is properly flaked
- Retrieve nozzle from Engineer
- Connect nozzle, call for water, and flush nozzle

Time stops when nozzle is flowing at correct pressure

NOTES:

Automatic Fail

- If any participant cannot complete their given tasks
- If the Engine Company cannot complete the standard within the given time

Performance standards are designed to assure that all fire personnel are capable of completing the duties assigned to their respective position.
